

# CRIMEA STATE MEDICAL UNIVERSITY

## Dear Students,

Joining the Crimea State Medical University of Ukraine may be just the thing to help you fulfill your career dreams.

The Crimea State Medical University has welcomed international students from around the world for more than 35 years.

Our doors are always open for foreign students, especially for students from India. Every year the number of Indian students rises, and we cannot but be proud of it. The latest advanced laboratories, teaching aids, instruments, simulators and specialized libraries combined with lectures will help everybody to achieve the dream to become a specialist in your chosen field.

Remember that University it's also a place where students can develop their self-learning, use technology, be social and do things in group, build up their critical thinking and questioning skills.

I'm looking forward to welcoming you to study in the Crimea State Medical University.

# ABOUT UNIVERSITY

The Crimea State Medical University is of the oldest Medical University in Ukraine. It is located in the South of Ukraine on the Crimean peninsula.

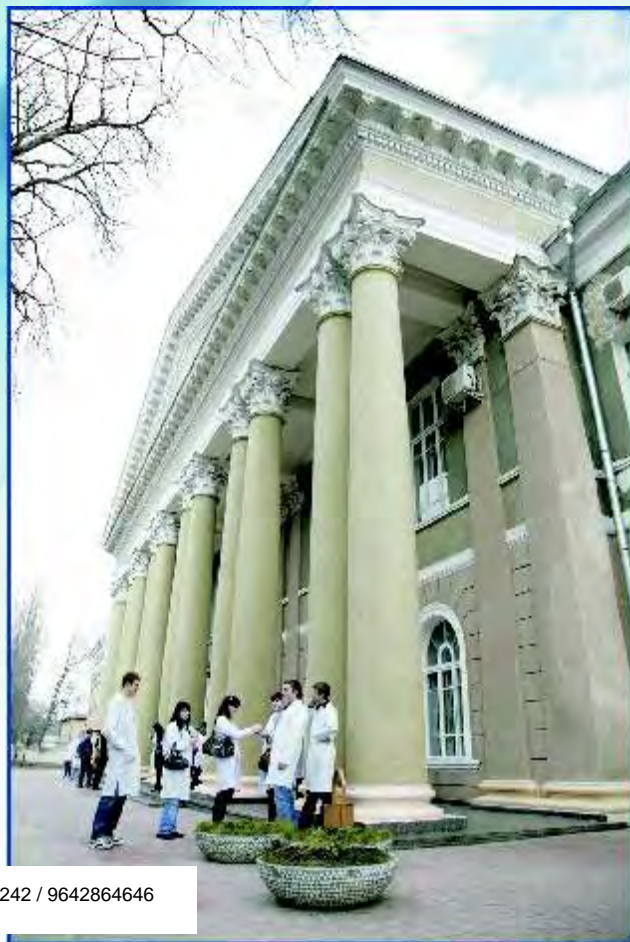

CSMU has been recognized as the leading higher medical school of Ukraine over the last 5 years according to the state licensed examination «STEP-M», «STEP-1», «STEP-2» and «STEP-3». The University is particularly proud of its highly qualified academic staff, which totals 850 persons: 99 Doctors of Science, Professors, and 356 Candidates of Science (Ph.D. holders), Associate Professors. 40 University professors are academicians and corresponding members of domestic and foreign Academies of Sciences; 14 are State Prize laureates, 60 have honorary titles. Our excellence in teaching and study was singled out by the International Educational Society (London) which certified the CSMU in 2006 and conferred the University AA category standing for “top institution that is internationally known and recognized”. Graduating from the Crimea State Medical University, every foreign student receives a personal international

IES certificate in addition to the diploma of graduate and that will facilitate employment opportunities for our students in any country. CSMU graduates work successfully in 100 countries of the world promoting this way the University’s reputation and image world-wide.

For over 90 years the University has been training professional specialists. Academic excellence has been highly appreciated by the International Education Society, which has conferred the University AA rank denoting top institution that is internationally known and recognized.

At Presently the University comprises 61 departments, a medical school, a medical/biological lyceum, research/science and backing divisions, several laboratories, a post-graduation department.

We aim to offer our students an excellent education experience working closely with our university partners to ensure the quality of our education is of a very high standard.
